- **Rolling Rd. north at Fullerton Rd.** - Road closed Monday - Friday from 9 a.m. to 5 p.m. for clearing. Flagger to direct both directions of traffic.
- **Backlick Rd. north from Boudinot Dr. to Fullerton Rd.** - Right lane closed Monday - Friday from 9 a.m. to 5 p.m. for excavation and pile driving.

Ongoing work

- The **I-95 Exit 166B** and the **Fullerton Road** intersection at the **Fairfax County Parkway** are closed through Fall, 2010. [DETOURS](#)

The Virginia Department of Transportation (VDOT) and its partners, including the Federal Highway Administration (FHWA), are working together to meet future transportation challenges related to Base Realignment and Closure (BRAC). The Fairfax County Parkway Extension completes the final two miles of the parkway from Rolling Road to Fullerton Road. When construction is completed on the first two phases of the four-phased project in 2010, motorists will have a direct route from Route 1 to Route 7.

ABOUT LANE CLOSURES

For an interactive lane closure map, please [click here](#). While much construction will take place behind concrete barriers, lane closures will be necessary at certain times and these lane closures are weather permitting. In general, lane closures occur between 9:30 a.m. and 3:30 p.m. Night work generally occurs between 9:30 p.m. and 5 a.m. unless otherwise noted. There are no lane closures on holiday weekends. Business and residential communities will remain accessible.

ABOUT VIRGINIA MEGAPROJECTS

Over the next several years there will be heavy construction activity from Virginia Megaprojects across Northern Virginia. These new projects represent significant transportation improvements designed to ease congestion and provide you with new and better ways to commute and travel in the region. For complete project information please visit [Virginia Megaprojects](#).
